April

Award winners are invited to the April Board meeting to receive awards

Recognizing those who surpass what is required by regulation to protect and restore Utah's environment while developing essential Natural Resources

Utah Board of Oil, Gas and Mining

Earth Day Awards

Instituted in 1992, the Utah Board of Oil, Gas and Mining selectively recognizes operators and other entities for excellent reclamation results, for innovative reclamation, for environmentally sensitive operation technology, for partnerships in pursuit of reclamation and other outstanding efforts in sensitive natural resource development.

Who is Eligible?

While all Utah oil and gas, coal mining and mineral mining companies owned and operated by private (non-governmental) entities are eligible, other organizations or individuals may also qualify. Nominations may be made by oil, gas and mining companies, associations, public and private companies and agencies, or any interested party.

Award Categories

- 1** Environmental improvement to an active mine site, drilling or recovery site, or field.
- 2** Outstanding results following applications of innovative environmental technology.
- 3** Outstanding final reclamation or site restoration.
- 4** Other

How to Apply

Fill out an application form along with a short narrative description of the project. Applications are available in December and January of each year from the Division of Oil, Gas and Mining. Finalists will be asked to prepare a 10-minute slide presentation for the Board's March meeting.
